

EDIFICE

Speed and Intelligence

High-performance sports chronograph

THE SPIRIT OF EDIFICE
DESIGN

Bold and exquisite.
Expressing the dynamism of motor sports in solid form.

Cutting-edge
design techniques

Manufacturing imbued
with human sensibilities

Elaborate and functional beauty created
through the dedication of our designers

THE SPIRIT OF EDIFICE

TECHNOLOGY

A chronograph with distilled knowledge developed through the evolution of electronics.

A high-performance micro-motor independently drives the hands.

 **Bluetooth®**

Augmented functionality with an on-board Bluetooth antenna.

Original solar panel technology ensures a stable power supply.

SMARTPHONE LINK

ACCURATE TIMEKEEPING

EASY TO USE

 **Bluetooth**

*The screen design is subject to change without notice.

SMARTPHONE LINK

Simply tap
a city name

Sync!

AUTOMATIC TIME ADJUSTMENT

Updates four times a day
for accurate timekeeping.

WORLD TIME FOR OVER 300 CITIES

Configure world time settings with
just a few taps on your smartphone screen.

SMARTPHONE LINK

ALARM MODE

Use a phone app for simple setting of an alarm on your watch.

PHONE FINDER

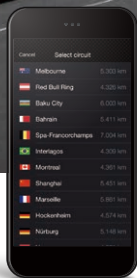

When you can't find your phone, simply push a button on your watch to sound an alert on your phone.

Deepening the joy of motor sports.

TARGET TIME DISPLAY

A graphic indicator shows the difference between measured time and a preset target time. [ECB-800 / EQB-800]

AVERAGE SPEED CALCULATOR (DISTANCE DATA SETTINGS)

Average speed can be calculated using lap distance values. Virtual speeds based on lap distances of the world's major circuits can be displayed. [ECB-800]

STOPWATCH DATA TRANSFER

1/1000-second stopwatch lap data can be transferred from the watch to a phone for long-term storage and analysis.

[ECB-800 / EQB-800 / EQB-900]

*The screen design is subject to change without notice. *This screen is from the ECB-800.

EDIFICE Connected

CASIO WATCH+

*Apps for use may vary by model.
